Expand Your Network - Meet like-minded individuals and forge valuable connections with other incoming professionals from diverse industries. We meet every last Wednesday of the month.

The Welcome Table is an event by citizens for citizens and not held by a specific organization - participation on a self-pay basis.

**This event calls out the following potential visitors:**

Incoming experts and professionals from other regions and/or countries who moved to Stendal and want to expand their social network.

**What is the reason?**

We want to establish a welcoming culture, show our region and make it easier for incoming people to arrive.
